

In Palermo, in December 2014, presentations on measurements were held. The main results of the measurements of water consumption are shown in the table below:

Monthly consumption	Season	Per home in litres	Per person in litres	School total in litres	Number of persons at school	Per person at school in litres
CZECH REP.	Winter	8 400	2 400	213 000	570	370
	Summer	8 700	2 500	151 000	460	330
ITALY	Winter	16 400	4 100	386 000	1 000	386
	Summer	16 000	4 000	87 400	1 000	87,4
POLAND	Winter	21 028	5 257	28 800	690	42
	Summer	11 770	2 940	18 884	720	26
SPAIN	Winter	10 230	2 900	88 600	364	243
	Summer	11 200	3 200	90 400	354	255
TURKEY	Winter	10 583	2 899	73 1000	1 243	588
	Summer	11 733	3 214	1 346 000	1 243	1082

PS (by Turkey): Our school has a huge garden. So we use lots of water for plants in summer. We couldn't separate water consumption for the garden.
