

## LIFELONG LEARNING PROGRAMME – COMENIUS MULTILATERAL PARTNERSHIP

### WIOL (WATER IN OUR LIFE)

FIRST MEETING(LAS PALMAS/SPAIN) 24.03.2014-29.03.2014

- ✓ All the partner schools created their project websites.
- ✓ The schools had a meeting with an expert on water resources .
- ✓ The students of all the partner schools did winter water consumption measurements at houses/flats and school and they prepared a presentation about that.
- ✓ The students carried out the questionnaire they prepared during the meeting in Darica. The questionnaire was applied to 50 people in each country and the results were analysed by the students. The students prepared a presentation about the results of the questionnaires.
- ✓ The students presented the results of the questionnaire and winter water consumption measurements in Las Palmas meeting.
- ✓ The participants of Las Palmas meeting visited the centre of water treatment in Las Palmas, met an expert there and had information about the process. A trip was arranged in the centre to see how water is treated.
- ✓ The summer water consumption measurements will take place between **May 15, 2014 and June 15, 2014 in each country.**
- ✓ All the partners will send the necessary information about the questionnaire result to the Spanish partner **before April 4, 2014**. After he collects all the information from countries, he will prepare a presentation on the comparison of the results before **April 30, 2014**, send it to all the partners. Then, the partners will publish the presentation on their websites.
- ✓ As a dissemination activity, the websites of our project will be published on SUSI project website and we will include the link of SUSI project website on our websites: [www.susiproject.org](http://www.susiproject.org). In this way, our project will be recognized internationally.
- ✓ The date for the meeting in Poland remains as decided in Darica meeting: **2-7 June, 2014**.
- ✓ The participants of Poland meeting will meet a local expert on water resources.
- ✓ All the necessary information about going to the meeting in Poland including the location, transport was given by the Polish partner.
